

Stilla is hiring an Assistant Scientist/Assistant Engineer in Molecular Biology

Who we are

Stilla Technologies is a Paris-based “tools for Life Sciences” company that helps scientists to build the future of medicine.

Since 2016, [Stilla Technologies](https://www.stilla.fr) has been providing research organizations specialized in molecular biology and genetic analysis with its Naica™ System, a ground-breaking digital PCR solution that enables scientists to detect and quantify DNA mutations with unrivalled precision.

With the Naica System, researchers worldwide are developing a new generation of high-precision genetic tests, in various fields of applications such as liquid biopsy tests for cancer diagnostics, non-invasive prenatal testing and GMO detection.

What you will do

Stilla is hiring an Assistant Scientist/Engineer in Molecular Biology. The principle missions of the Assistant Scientist/Engineer in Molecular Biology are to:

1. Validate various experimental aspects of our Naica digital PCR system.
2. Carry out and ensure the completion of diverse R&D experiments as defined by the R&D program.
3. Document and ensure the traceability of all performed experiments and their results.
4. Maintain and organize molecular biology lab stocks, document all purchases and ensure lab supply logs.
5. Write and maintain updated molecular biology lab protocols

Skills we are looking for

- Has a BTS/License specializing in Molecular Biology, Biotechnology or related disciplines
- Has 1-2 years of proven experience in Molecular Biology, particularly in the following techniques: PCR, RT-PCR, DNA and RNA manipulation
- Must be adaptable, organized and rigorous
- Enjoys working in a team and sharing information and knowledge
- Skilled at multi-tasking in a fast-paced environment.
- Must be fluent in French and technical English

Why join us?

- Join a young and dynamic Life Science company growing at a 3-digit pace!
- Work within a team who shares a passion for building successful Life Science Products based on deep technological innovations.

Location:

Main office: Paris

How to apply?

Send your resumé and cover letter to : jobs@stilla.fr

All qualified applicants will receive consideration for employment without regard to race, sex, color, religion, sexual orientation, gender identity, national origin, protected veteran status, or on the basis of disability
